Why Are Butterflies

LISA LOEB
The quirky musician, who has written songs about butterflies, adds flirty fishnet stockings and her signature cat-eye specs in keeping with the whimsical feel of her fluttery frock.

The winged wonders are landing on A-listers' jewels and dresses. We tell you why this, why now

The Celebrity Stylist Says

"Butterflies are the animal kingdom's version of rainbows, and celebrities know these garden staples are the perfect way to punch up any summer ensemble," says Cameron Silver, celebrity stylist and fashion director of QVC's H by Halston. "Their many variations of pattern and color provide endless opportunities." You can go all-out glam with a bold butterfly print dress or make a subtle statement with an accessory: Emmy's pearlescent brooch, Heidi's sparkling ring and Stella's gilded necklace add contrast to a solid-toned dress while Pauley's diamond-encrusted butterfly highlights a beautiful décolletage.
